jitendra.singh.sola@gmail.com | 8094581461 | [linkedin.com/in/jitendra-singh-rajput16/](https://www.linkedin.com/in/jitendra-singh-rajput16/)

## SKILLS

---

**Programming Languages:** Javascript, Python, C/C++, SQL, Bash shell scripting

**Libraries:** ReactJs, NodeJs, ExpressJs, Mongoose, Jest, Redux toolkit

**Computer Science:** Data Structures and Algorithms, Object Oriented Programming, DBMS.

**Tools :** Linux, VScode , Anaconda , Google Colab, git, github

## PROJECTS

---

### Ecommerce App

- NodeJs, ExpressJs, React, **Tailwind CSS**, Redux, MongoDB, Cloudinary.
- Frontend development using **Reactjs** for create interactive, intuitive and **responsive** user interfaces.
- Backend implementation build using **Node.js** and **Express.js** to handle **API** integrations.
- Database management using **mongoDB** atlas to store **product**, **reviews**, orders and **user data**.
- User authentication using **JWT** with verify account using email, **forgot password** and auto login using **Persistent cookies**.
- Product catalog, shopping cart functionality and features like **filtering** , **sorting** and **pagination**.
- Admin panel to add new Products and **edit** existing Products and manager order status.

## EXPERIENCE

---

### Freelancer, Freelance

*Jul 2023 - Nov 2023*

- worked as **freelance** trainer with multiple edTech companies including **hitbullseye**, **excellent education** and **coding thinker**.
- conducted multiple **workshops** and training sessions on fullstack development, data structures and algorithms.

### Product Engineer, Coding Blocks

*Dec 2022 - Jun 2023*

- worked on web solutions using Node.js, Express and mongodb.
- Worked on the online coding platform similar to leetcode, portal to upload test case text files, problem statements and solution articles state management using **reactJs**.
- unit **testing** and integration testing used jest and react testing library for testing

### Software Developer, TCS

*Oct 2021 - Dec 2022*

- focused on developing responsive web applications using HTML, CSS, **JavaScript**, React
- I collaborated closely with backend development teams to create interfaces that met design requirements and integrated with backend functionalities.
- Got **recognition** certificate and **rewarded** with gems.

## ACHIEVEMENTS AND PROFILE LINKS

---

### Achievements

1. **Knight** on leetcode max rating 1882(**top 5% worldwide**) <https://leetcode.com/BahubaLi/>
2. Ranked 5 out of 1400+ members of college on GeeksforGeeks platform in problem solving in DSA.
